FINS: AM1 450 Future Systems

FINISH: Sanded or Gloss & Polish

DESCRIPTION: The HE Hammer Egg is a classic 'egg' or fun shape design. The board's full outline and relatively short length makes it balanced, stable, and great paddling. The HE has a modern rocker line and tri fin set up that give the board a high level of performance but is still very easy to surf, its a good all around surfboard. The HE is a great choice for someone looking for an entry level board that you can grow into or a performance fun board an advanced surfer will love in clean, smaller to mid size surf.

All Hammersurf surfboards are made with only the highest quality resin, fiberglass, and foam available. All boards are handmade in the Pacific Northwest USA by Cascade Performance Fiberglass, building fine surfboards since 1972. WWW.HAMMERSURF.COM (541 478-3441)
